HIGHLIGHTS ON CLUBHOUSE ACTIVITIES

ISLAND GIRL POWER CELEBRATES 17 YEARS

The holiday season is in full swing, & here at Island Girl Power there's nothing better than the "Power of Thanks" to kick things off & spread the spirit of giving with a concert. Special thanks to One Music Guam, Playhouse Studios & Carmen's Restaurant for this fundraiser.

What's Happening at IGP Malesso?

⇒ Hello Holidays! We had a very exciting Kids' Post, with stories and jokes relating to Halloween. While most young ladies read the Post, Whitney & Kiana worked towards completing their sewing project as we aim to have this sewing project finished before the holidays.

What's Going on at IGP Dededo?

⇒ The girls composed a song with Ms. Rachel Estevez of the Dolls in October through to November & were able to debut it at the concert. The fun & learning doesn't stop there, though. In addition to the music the girls enjoyed one last Yoga session with Ms. Soraya as they wished her Godspeed as she prepared to go on an adventure to an island in the Arabian Sea.

What News from BMS IGP Club?

⇒ With a short trek over to VSA Benavente Middle School to do Positive Action with our little sisters during IGP after school club, what more than to add even more fun to our activities by bringing along our IGP big sisters. Well, I'll have you know that the idea brought out more of our little sisters' most infectiously fun personalities with how they all interacted among each other. I say it fits as it happens that we're studying the importance of friendship & getting along with others in Positive Action.
